

Exhibit A
List of Recommended and Required Vaccinations
(July 1, 2020)

Hawaii law allows the Director of Health, in consultation with the State Epidemiologist, to adopt, amend or appeal as rules, the immunization recommendations of the United States Department of Health and Human Services, Advisory Committee on Immunization Practices, including interim recommendations, as they apply to the listed vaccines indicated below. **The United States Department of Health and Human Services' Advisory Committee on Immunization Practices' General Best Practice Guidelines for Immunization, attached as Exhibit B, is adopted as the requirements in the State of Hawaii for minimum age, required spacing between doses, grace period, and other conditions governing the acceptability of immunizations for these listed vaccines.**

Table 1 – List of Pediatric Vaccinations Recommended for Children in the State of Hawaii*
DTaP [Diphtheria-Tetanus-acellular Pertussis]
<i>Haemophilus influenzae</i> type b (Hib)
Hepatitis A
Hepatitis B
Influenza
MMR [Measles (Rubeola)-Mumps-Rubella]
Pneumococcal Conjugate Vaccine (PCV)
Polio (IPV [Inactivated Poliovirus Vaccine])
Rotavirus
Varicella (chickenpox)

*The immunizations specified in Table 1 are recommended for children born in Hawaii after January 1, 1998, and all children born elsewhere after January 1, 1998 who become residents of Hawaii. Hawaii-born children are recommended to receive these immunizations within twenty-four months of their date of birth, and children born elsewhere who become residents are recommended to receive them within two years of first residence, unless medically contraindicated.

Table 2 – List of Vaccinations Required for Child-Care Center Attendance
DTaP [Diphtheria-Tetanus-acellular Pertussis] or DTP [Diphtheria-Tetanus-Pertussis]
<i>Haemophilus influenzae</i> type b (Hib)
Hepatitis A
Hepatitis B
MMR [Measles (Rubeola)-Mumps-Rubella]
Pneumococcal Conjugate Vaccine (PCV)
Polio (IPV [Inactivated Poliovirus Vaccine] or OPV [Oral Poliovirus Vaccine])
Varicella (chickenpox)

Table 3 – List of Vaccinations Required for Kindergarten – 12th Grade Attendance
DTaP [Diphtheria-Tetanus-acellular Pertussis] or DTP [Diphtheria-Tetanus-Pertussis]
Hepatitis A
Hepatitis B
HPV[†] [Human Papillomavirus Vaccine]
MCV[†] [Meningococcal Conjugate Vaccine]
MMR [Measles (Rubeola)-Mumps-Rubella]
Polio (IPV [Inactivated Poliovirus Vaccine] or OPV [Oral Poliovirus Vaccine])
Tdap[†] [Tetanus-diphtheria-acellular pertussis]
Varicella (chickenpox)

All students must show evidence of receiving these immunizations prior to first attendance in Hawaii schools.

[†]Evidence of HPV, MCV, and Tdap vaccinations is not required for students entering Hawaii schools in Kindergarten – 6th grade.

Table 4 – List of Vaccinations Required for 7th Grade Attendance[‡]
HPV [Human Papillomavirus Vaccine]
MCV [Meningococcal Conjugate Vaccine]
Tdap [Tetanus-diphtheria-acellular pertussis]

[‡]In addition to meeting the K-12 Immunization Requirements upon first school attendance listed in Table 3, all students must show evidence of receiving these immunizations prior to 7th grade attendance.

Table 5 – List of Vaccinations Required for Post-Secondary School Attendance
MCV** [Meningococcal Conjugate Vaccine]
MMR[¶] [Measles (Rubeola)-Mumps-Rubella]
Tdap [Tetanus-diphtheria-acellular pertussis]
Varicella (chickenpox)

**First-year students living in on-campus housing.

[¶]Students born prior to 1957 are exempt from the MMR vaccination requirement.
