

DISABILITY RATING STANDARDS

436-035-0370

Pelvis

(1) The following ratings are for a fractured pelvis which heals with displacement and deformity:

In the symphysis pubis 15%

In the sacroiliac joint,
with diastasis 10%

In the sacrum 10%

In the ischium 10%

In the coccyx,
with nonunion or excision 5%

In each inferior or superior ramus 2%

In the ilium 2%

In the acetabulum.....Rate only loss of hip motion as in OAR 436-035-0340

(2) A hemipelvectomy receives 25% for the pelvis, and the accompanying loss of the leg is determined under OAR 436-035-0140(1).
