

Sewer Form No. 6  
(Sewer Rule 7.4.5.b.)  
Form of cost estimate to be  
provided to applicants for service

Dear Customer:

We have received a petition for a sewer main extension and have estimated the construction cost to extend the main to serve the properties of the \_\_\_\_\_ (insert number) petitioners. This estimate is summarized below:

Sewer line _____	feet at \$ _____ / foot	_____
Excavation/Installation _____	feet at \$ _____ / foot	_____
Materials (fittings, valves, stone, etc.)		_____
Permits/Rights-of-way (Health, Highways, etc.)		_____
Restoration (seeding, gravel, etc.)		_____
Related Cost (engineering, legal, etc.)		_____
Total Estimated Extension Construction Cost		_____
Minus Utility's Share (estimated total net		_____
revenue per customer pursuant to Sewer Rule 7.4.5.d.)		_____
Estimated Cost to be Paid by Customers		_____
Estimated Cost per Customer		_____

When the "customer's share" referenced above is deposited with the Utility, the Utility will apply for the necessary permit applications and begin construction as soon as possible. If the actual cost to construct the extension is less than the estimated cost, the Utility will refund the difference to the original depositors. If the actual cost exceeds the estimated cost, the Utility will bill the depositors for the difference. This difference must be settled before service can actually be connected.

All customers will be required to sign an extension agreement and an application for service and/or a users agreement and pay a tap fee of \$ \_\_\_\_\_ , and a security deposit of \$ \_\_\_\_\_ prior to receiving service. The security deposit is refunded with interest following twelve consecutive months of full and timely payments for services rendered.

The estimated start date of construction is \_\_\_\_\_.

The estimated duration of construction is \_\_\_\_\_ days.

Should you have any questions, you may contact \_\_\_\_\_ at  
\_\_\_\_\_ between 9:00 a.m. and 4:00 p.m., Monday through Friday.

Sincerely,
