1932(a)(1)(A)

A. Section 1932(a)(1)(A) of the Social Security Act.

The State of Arkansas enrolls Medicaid beneficiaries on a mandatory basis into managed care entities (managed care organization [MCOs], primary care case managers [PCCMs], and/or PCCM entities) in the absence of section 1115 or section 1915(b) waiver authority. This authority is granted under section 1932(a)(1)(A) of the Social Security Act (the Act). Under this authority, a state can amend its Medicaid state plan to require certain categories of Medicaid beneficiaries to enroll in managed care entities without being out of compliance with provisions of section 1902 of the Act on statewideness (42 CFR 431.50), freedom of choice (42 CFR 431.51) or comparability (42 CFR 440.230).

This authority may *not* be used to mandate enrollment in Prepaid Inpatient Health Plans (PIHPs), Prepaid Ambulatory Health Plans (PAHPs), nor can it be used to mandate the enrollment of Medicaid beneficiaries described in 42 CFR 438.50(d).

Where the state's assurance is requested in this document for compliance with a particular requirement of 42 CFR 438 et seq., the state shall place a check mark to affirm that it will be in compliance no later than the applicable compliance date. All applicable assurances should be checked, even when the compliance date is in the future. **Please see Appendix A of this document for compliance dates for various sections of 42 CFR 438.**

medical and rehabilitation services. PCCM will be mandatory for most Medicaid beneficiaries.

The beneficiaries have a free choice of specialists within the state and bordering states. A beneficiary must enroll with a PCCM whose practice is in the beneficiary's county of residence, a county adjacent to the beneficiary's county of residence or a county adjoining a county adjacent to the beneficiary's county of residence. PCCM providers have free choice of referrals specialists and ancillary providers

Under this PCCM program, the PCCM provider manages the enrolled beneficiary's health by working directly with beneficiaries and their treatment by providing:

- 2) Response to after-hours calls regarding non-emergencies must be within 30 minutes.
 - PCPs must make the after-hours telephone number as widely available as possible to their patients.
 - When employing an answering machine with recorded instructions for after-hours callers, PCPs should regularly check to ensure that the machine functions correctly and that the instructions are up-to-date.
 - PCPs in underserved and sparsely populated areas may refer their patients to the nearest facility available, but enrollees must be able to obtain the necessary instructions by telephone.
 - As regards access to services, PCPs are required to provide the same level of service for their ConnectCare enrollees as they provide for their insured and private-pay patients.
 - Physicians and facilities treating a PCP's enrollees after hours must report diagnosis, treatment, significant findings, recommendations and any other pertinent information to the PCP for inclusion in the patient's medical record.
 - A PCP may not refer ConnectCare enrollees to an emergency department for non-emergency conditions during the PCP's regular office hours.

N. Selective Contracting Under a 1932 State Plan Option.

To respond to items #1 and #2, place a check mark. The third item requires a brief narrative.

1. The state will /will not intentionally limit the number of entities it contracts under a 1932 state plan option.
2. The state assures that if it limits the number of contracting entities, this limitation will not substantially impair beneficiary access to services.
3. Describe the criteria the state uses to limit the number of entities it contracts under a 1932 state plan option. (*Example: a limited number of providers and/or enrollees.*)

A PCCM must establish his or her Medicaid caseload limit, of a maximum of 2500. The state will permit higher maximums in areas the federal government has designated as medically underserved. The state may permit higher maximum caseloads for Primary Care Providers who so request if the limit would create a hardship on their practice.

4. The selective contracting provision in not applicable to this state plan.
