- (1) Table 2-RV is based on the 1990 evaluations for Recreational Vehicle Parks published by the Oregon Department of Revenue.
- (2) Deduct ten percent from the valuation of parks and camps constructed east of the Cascade Summit.
- (3) “Class A” parks and camps contain paved streets and electric, water and sewer service to each R.V. or camping space.
- (4) “Class B” parks and camps contain electric, water and sewer service to each R.V. or camping space, but do not have paved streets.
- (5) “Class C” parks and camps contain a combination of no more than two services involving electric, water or sewer and do not have paved streets.
- (6) When a park or camp contains spaces in more than one class, figure the spaces in each class, then add them together to obtain the total valuation.
- (7) The Area Development Permit does not include permits or related fees for buildings, manufactured dwelling installations, accessory buildings or structures; mechanical, plumbing or electrical systems; boiler, or elevators, or permits required by other agencies.
