

Figure: 40 TAC §748.4657

Who is required to receive the annual training?	How many hours of annual training and what types of annual training are needed?
(1) All caregivers	<p>50 hours. Of the 50 hours:</p> <p>(A) Four hours must be completed every six months on training specific to the emergency behavior intervention techniques that you allow, and this training must be completed within 180 days from the date that the caregiver last received such training;</p> <p>(B) Four hours must be on training specific to trafficking victims, as further described in §748.4659 of this title (relating to What areas or topics must the four hours of annual training regarding trafficking victims include?); and</p> <p>(C) Two hours must be on training specific to transportation safety if the caregiver transports a child in care whose chronological or developmental age is younger than nine years old.</p>
(2) Child-care administrators, professional level service providers, treatment directors, and case managers who hold a relevant professional license	<p>(A) 15 hours.</p> <p>(B) Of the 15 hours, two hours must be on training specific to transportation safety if the person transports a child in care whose chronological or developmental age is younger than nine years old.</p> <p>(C) There are no annual training requirements for emergency behavior intervention. However, if there is a substantial change in techniques, types of intervention, or operation policies regarding emergency behavior intervention, then the staff must be re-trained in emergency behavior intervention.</p> <p>(D) Annual training hours completed to maintain a person's relevant professional license may be used to satisfy all or part of the 15 hours of annual training required by this section.</p>
(3) Child-care administrators, professional level service providers, treatment directors, and case managers who do not hold a relevant professional license	<p>(A) 20 hours.</p> <p>(B) Of the 20 hours, two hours must be on training specific to transportation safety if the person transports a child in care whose chronological or developmental age is younger than nine years old.</p> <p>(C) There are no annual training requirements for emergency behavior intervention. However, if there is a substantial change in techniques, types of intervention, or operation policies regarding emergency behavior intervention, then the staff must be re-trained in emergency behavior intervention.</p>
