NOTE: These recommendations are the result of two years of discussion with the USDE, PARCC, superintendents, other practitioners, multiple stakeholders, and state elected officials and were generated to ensure that the full and appropriate implementation of internationally benchmarked standards (Common Core State Standards) is a reality for Mississippi’s students. **All data will be published for all years.** The recommendations are not intended to impact current graduation requirements. Any changes in federal requirements (such as reauthorization of ESEA) are not represented in this proposal and can happen at any time.
